About the European Youth Week

This year, the Youth Week aims to **promote youth volunteering** on social networks and develop **specific digital skills** to meet the challenges of digital youth work. We want to approach the topic creatively by designing and implementing a **social media campaign**. Leisure activities and excursions are also part of creative learning.

We want to invite you to the second largest city in Serbia, Novi Sad. Novi Sad is the European Capital of Culture for 2022 and because of its rich tradition and culture, people also call it the "Serbian Athens".

During the Youth Week you will have the possibility to discover the heart of Novi Sad with its many sights, beautiful architecture, colorful history, vibrant nightlife, many beautiful squares, parks, and cultural institutions.

You will also discover the city's central and best-known symbol the Petrovaradin Fortress – one of Europe's most extensive fortifications – as well as Strand, one of the most beautiful beaches on the Danube river, a lively place, where many sports competitions, concerts, and festivals are held.

The event is held in the hotel "Meridiana" ([see link](#))
